"Blue" is a hard working blue roan gelding, with a one of a kind personality! The bulk of his early training has been developed here on the ranch. Blue can gather cattle in steep rough timber ground, navigate streams and downed timber with ease. He is a great horse to sort, ship and doctor cattle on. Absolutely loves to be with people and any attention he can find. Blue is always the first at the gate to be caught. Great horse, bright personality, lot of fun.
