Stock Horse: Snaffle Bit: Cutting: Roping:

"Skip" is an 15.1 hand heavy muscled, big hipped, grullo gelding. He has been excellent for us doing all aspects of ranch work. Exceptionally good in rough country and has no trouble putting in hard days. We have used Skip to doctor and brand on and by sale time he will be started in the arena team roping. I am 68 and this has been my go to horse for the last couple years, but Skip needs an experienced handler since he can get tight when laid off. Has an old scar on his hip. 541-892-2259.
