Stock Horse:  Snaffle Bit:  Cutting:  Roping:

This is a very nice young gelding. He is a 5 year old that has been put to work on the ranch and is good to get the jobs done. He has lots of cow in him and he handles real well. We have started roping on him and as a young horse has tons of potential to go in many directions. He is also well bred and very shapey. For more information visit [www.barxlivestock.net](http://www.barxlivestock.net) and watch his video.
