Stock Horse:  Snaffle Bit:  Cutting:  Roping:

Beautiful blood red bay. This is the horse for the serious team roper or for the family to enjoy. "Dan" stands 15.1 hands with great bone and feet. This horse can run and score, very quiet in the box. He has been hauled to jackpots for the past year. This horse will fit the upper numbered roper and the roper with less experience. He has been roped off of this past summer by my 13 year old daughter and is 100% sound.
